this book collects interview and conversations which contribute substantially to an understanding and clarification of james baldwin s personality and perspective his interests and achievements the collection also represents a kind of companion piece to the earlier dialogues a rap on race with margaret mead and a dialogue with nikki giovanni introduction

never before available the unexpurgated last interview with james baldwin i was not born to be what someone said i was i was not born to be defined by someone else but by myself and myself only when in the fall of 1987 the poet quincy troupe traveled to the south of france to interview james baldwin baldwin s brother david told him to ask baldwin about everything baldwin was critically ill and david knew that this might be the writer s last chance to

Speak at length about his life and work the result is one of the most eloquent and revelatory interviews of Baldwin's career a conversation that ranges widely over such topics as his childhood in Harlem his close friendship with Miles Davis his relationship with writers like Toni Morrison and Richard Wright his years in France and his ever incisive thoughts on the history of race relations and the African American experience also collected here are significant interviews from other moments in Baldwin's life including an in depth interview conducted by Studs Terkel shortly after the publication of *Nobody Knows My Name* these interviews showcase above all Baldwin's fearlessness and integrity as a writer thinker and individual as well as the profound struggles he faced along the way

He has been called passionate and violent cryptic and probing hostile and eloquent his works have been called brilliant and unbearable poetic and documentary classic and controversial he is a major voice of the civil rights movement his words which have compelled agitated and hypnotized a nation are now heard around the world that is the public image of James Baldwin but there is also an aspect of Baldwin that grew out of self deprecation and a search for personal identity a timorous side that his mother worried over in the presence of a step father who would not acknowledge him and that his teachers watched carefully because there was precocity beneath it trying to force its way out there was a child who thought he was ugly and useless who was overly self conscious about his appearance and couldn't find the love he needed to make his own existence bearable there is a man who claims I've been scared to death since I was born and I'll be scared till I die but if you're scared to death walk toward it and there is an author whose tremendous impact on American literature and American life has until now not been fully measured Fern Marja Eckman has based this vivid book on hours and hours of taped interviews with Baldwin and with the people who are significant in his story she presents a detailed account of Baldwin's Harlem childhood a portrait of the exile who returned to his country to shock it into reappraisal of its racial and sexual attitudes and an inside view of his part in Robert Kennedy's civil rights meeting in 1963 speaking with James Baldwin and probing the complex mixture of extreme hate and intense love that characterize him she presents a profile told largely in his own words one which is essentially Baldwin on Baldwin

adored by many appalling to some baffling still to others few authors defy any single critical narrative to the confounding extent that james baldwin manages was he a black or queer writer was he a religious or secular writer was he a spokesman for the civil rights movement or a champion of the individual his critics as disparate as his readership endlessly wrestle with paradoxes not just in his work but also in the life of a man who described himself as all those strangers called jimmy baldwin and who declared that all theories are suspect viewing baldwin through a cultural historical lens alongside a more traditional literary critical approach all those strangers examines how his fiction and nonfiction shaped and responded to key political and cultural developments in the united states from the 1940s to the 1980s showing how external forces molded baldwin s personal political and psychological development douglas field breaks through the established critical difficulties caused by baldwin s geographical ideological and artistic multiplicity by analyzing his life and work against the radically transformative politics of his time the book explores under researched areas in baldwin s life and work including his relationship to the left his fbi files and the significance of africa in his writing while also contributing to wider discussions about postwar us culture field deftly navigates key twentieth century themes the cold war african american literary history conflicts between spirituality and organized religion and transnationalism to bring a number of isolated subjects into dialogue with each other by exploring the paradoxes in baldwin s development as a writer rather than trying to fix his life and work into a single framework all those strangers contradicts the accepted critical paradigm that baldwin s life and work are too ambiguous to make sense of by studying him as an individual and an artist in flux field reveals the manifold ways in which baldwin s work develops and coheres
